Children in Care (CiC) Policy

1. Definition

For the purposes of this policy a **child in care** (CIC) is one who is looked after within the meaning of section 22 of the Children Act 1989 or Part 6 of the Social Services and Well-being (Wales) Act 2014.

A **previously looked after child** (PLAC) is one who is no longer looked after in England and Wales because s/he is the subject of an adoption, special guardianship or child arrangements order which includes arrangements relating to with whom the child is to live, or when the child is to live with any person, or has been adopted from 'state care' outside England and Wales. A child is in 'state care' outside of England and Wales if s/he is in care of or accommodated by a public authority, a religious organisation or any other organisation the sole or main purpose of which is to benefit society.

Bridge Learning Campus recognises that CIC and PLAC are likely to have experience of **trauma** and a high number of **adverse childhood experiences (ACEs)**. 'ACEs are highly stressful, and potentially traumatic, events or situations that occur during pregnancy, childhood and/or adolescence and can have an impact on physical and mental health throughout life.' (Keeping Bristol Safe Partnership)

2. Statutory guidance and requirements

This policy should be read in conjunction with current statutory guidance. The Designated Teacher, Head Teacher and CIC/PLAC Governor will have fully read the statutory guidance and will implement requirements as necessary. Provision for CIC/PLAC will be reflected in all other policies in the school.

3. Statement of commitment

Children who are in care or previously looked after children who have experienced adverse childhood experiences are highly likely to significantly underachieve in both their academic and social progress without significant and robust levels of interventions and support. Our aspiration for CIC and PLAC is for them to achieve their full potential through academic, personal, social, emotional development and to belong in our school and wider community. They will have a clear pathway for moving through their educational career with high aspirations for the future.

We at Bridge Learning Campus will do for CIC and PLAC what we do for all children only more so. We will ensure that CIC/PLAC excel. We will overcome their barriers to learning and enable them to leave us happy and secure in themselves, understanding that they do have control over their destiny and that education does matter. We will listen to what CIC/PLAC tell us about what they want from their education and try to address any concerns or issues raised through various means including the Children in Care Council and surveys from The HOPE, Bristol's Virtual School.

Bridge Learning Campus strives to ensure that the culture and ethos of the school are such that, whatever the heritage and origins of members of the school, pupils should be provided with the opportunity to experience, understand and celebrate diversity.
