Dear Parents and Carers,

Year 7 Assessments - Revision and Preparation Support

As we look ahead to Term 2, I wanted to let you know that Year 7 students will be completing their first set of assessments. These will take place during the **first two weeks of Term 2** and will be completed during normal lesson time.

To help support preparation at home, we have included assessment information and revision resources for each subject at the end of this letter.

How can my child prepare for their assessments?

Small amounts of regular revision are often much more effective than trying to do lots at the last minute. We would encourage students to spend 10-15 minutes on:

- Use the revision materials and resources provided by their teachers (see below).
- Test themselves using flashcards, quizzes or by asking someone at home to help.

How can you support your child at home?

You can support your child by:

- Providing a quiet space and regular time for revision.
- Talking to your child about what they are learning and encouraging them to share key facts or ideas.

Thank you for your continued support. We wish all Year 7 students the very best with their assessments and hope you have a wonderful half term break.
